

**CITY OF BALTIMORE
MONTEBELLO FILTRATION PLANT REMOVAL AND DISPOSAL OF RESIDUALS
WATER CONTRACT NO. 8612
June 30 2005**

This project is expected to start construction later this summer. Progress has been made to make preparation for the beginning stages. Progress is as follows:

A temporary parking lot has been constructed at Curran Drive & Hillen Road, for recreational parking only. The temporary lot contains 86 parking spaces, including 4 designated for handicap parking.

A new, slender median and construction access road have been installed on Hillen Road to allow for safe and easy entrance of contractor vehicles onto the Montebello property, during the dredging process.

WATER CONTRACT NO. 8612**

An area off of the Whittman Drive side of the lake, has been fenced in and will be used as the Residuals Handling Area during the duration of this project.

Construction Management has installed two public informational signs directing visitors to alternative recreational facilities.

A New Improved Lake Montebello
