Water4All is a new water billing discount program designed to create more equitable access to water assistance for more Baltimore City residents.

Who is eligible?

Baltimore City residential households whose income is below 200% of the federal poverty level (FPL) may be eligible. A formula is used to calculate the maximum a household should pay for annual water and sewer services, based on a percentage of their annual income.

- For example, in 2026 a 4-member household with an annual income less than \$66,000 may qualify for this program.
